

AV RIDER

Glen's presentation is a high-energy and entertaining and relies heavily on the right Audio Visual set-up to ensure your audience gets the maximum value, inspiration and motivation.

Glen will bring his own computer (Macbook Pro) with the necessary output adapter and his own clicker, with the presentation (run from Keynote) ready to go.

He will also bring a back-up on a USB drive.

Keynote is his preferred program due to the quality of video and slide transitions, but if you require his presentation in PowerPoint, please advise Glen at least five days prior to the engagement. (glen@glensmyth.com)

His presentation requires:

- high definition screen projector
- good quality audio system (sound will run from the computer)
- lapel or headset microphone

On stage, it's preferable if he has stage area free of a centred lectern and 1 bottle of water.

Any questions? Don't hesitate to call Glen on 0412 167 827.
